Note: 1. The industrial sector includes Mining & quarrying, Manufacturing, Electricity & gas supply and Water supply (Construction excluded), and Quarrying industry was not included in Mining & quarrying industry before 1996.

2. Indexes of labor productivity are calculated by industrial production indexes.

3. Employee includes the employees on payrolls and contracted workers who worked outside the factories and were paid by piece-rate.

4. The industrial production index had been carried out the base period adjustment and industry revision on May 23, 2023. (Unlike the earnings statistics process that will be revised in March 2024). Therefore, current industrial production and relevant statistics are generated by the detailed information of each product provided by the Department of Statistics, MOEA and converted to the old industry and the base period by DGBAS. However, the detailed information can be provided until the 15th of each month. Therefore, the preliminary data of labor productivity and unit labor costs won't be provided in this table.

Note: 1. The industrial sector includes Mining & quarrying, Manufacturing, Electricity & gas supply and Water supply (excluding Construction and Remediation activities).
 2. Indexes of labor productivity are calculated by industrial production indexes.
 3. The employees mentioned in this table include the employees on payrolls and contracted workers who worked outside the factories and were paid by piece-rate.
 4. The industrial production index had been carried out the base period adjustment and industry revision on May 23, 2023. (Unlike the earnings statistics process that will be revised in March 2024). Therefore, current industrial production and relevant statistics are generated by the detailed information of each product provided by the Department of Statistics, MOEA and converted to the old industry and the base period by DGBAS. However, the detailed information can be provided until the 15th of each month. Therefore, the preliminary data of labor productivity and unit labor costs won't be provided in this table.
